

CLIFF JUMPING & HIKE

Our hikes can be customized in terms of area and intensity. Any specific wishes can be shared with us upfront, so our experienced guides can create the perfect track for you. We will end at the start of the next planned activity.

Cliff jumping is an amazing activity for everyone who likes a bit of a challenge! Whether you're 7 or 70 years old, this is an unforgettable experience. During this adventure we will move to different styles of jumps. We start with a little bit of theory, proper safety instructions and a warm up. Then we will gradually work our way up in difficulty with each person, individually, according to their level. The possibilities are endless.

Our cliff jumping staff have been carefully selected and trained, they are passionate about the sport, have a keen sense of safety and know how to challenge you in ways that will surprise you.

WHAT TO EXPECT?

We offer to collect you directly from the hotel or villa (up to 6 pax) and the fun starts there, we share with you our knowledge during the drive and we join you during the activity to really make it unforgettable. On the way back we can bring you to your hotel, or drop you at a restaurant (in the area). Our team can also arrange for a private picnic on the cliffs or make a reservation at a restaurant for you. If you are a group of more than 6 pax, you can ask us to book you an additional car with ROCKID. Otherwise, we recommend that you arrange a taxi to transport the rest of your group.

SAFETY NOTICE

We do want to remind you that Cliff Jumping is a **potentially dangerous activity** that should not be tried without the guidance of an experienced instructor. Our team is vigilant with safety and carries a first aid kit and water rescue gear at all times.

If you already have experience be sure to let us know and we will customize the tour to your skill in order to take your experience to the next level. We have amazing staff, and we do our best to pair the right guide for you and your group to ensure the best adventure possible.
