

4X4 ISLAND TOUR

In Spanish we say: a mal tiempo, buena cara, which means: keep on smiling when the weather is bad. And although Ibiza is known for an average of 300 sunny days a year.

So come join us for a ride in our 4x4 vehicle and explore parts of Ibiza you've never seen before!

We at ROCKID have a great knowledge about the island and its treasures and therefore we'll serve you amazing views, visit typical old towns, pirate towers, secret coves, salt mines and local markets..

During the ride, we will make stops to take pictures, enjoy a walk, go for a swim, do some snorkeling and/or relax on a beautiful cala.

Our tours are 100% customizable, so you could go for a sporty adventure day, or if you prefer a more relaxed sightseeing day we will check what cultural events are happening on the Islands.

WHAT KIND OF CAR WILL WE GO IN?

For the sporty adventure, we recommend our LAND ROVER DEFENDER, a very cool and adventurous car meant to be enjoyed with the windows open and STAND UP PADDLE BOARDS tied to the roof. However, if you prefer a more luxurious ride, with AC and a killer sound system, let us know.

WHAT TO EXPECT?

We will collect you directly from the hotel or villa (up to 6 pax) and the fun starts there.

On the way back we can bring you to your hotel. Our team can also make a reservation at a restaurant for you and drop you there. If you have a group of more than 6 pax, you will need to book an additional car with us.

SAFETY NOTICE

Our team is vigilant with safety and carries a first aid kit and water rescue gear at all times.
